

PERE MARQUETTE —DISTRICT LIBRARY—

September is Library Card Sign-UP month!!!

The American Library Association says “Library Card Sign-up Month is a time to remind parents and children that a library card is the most important school supply of all”. Stop by this month and register (or update) your Pere Marquette District Library card! Every new patron who registers or updates their library card will get a free “sweet treat”.

School schedules, sports and other activities keep fall schedules very full. Don't let picking up library materials add more stress to your daily to-do list use one of PMDL's After-Hours Pick-up Lockers located at the front entrance of the library.

If you have materials ready to pick up but can't make it to the library before closing? Call ahead and have your materials put into a locker so you can pick them up at your convenience.

As school gets underway, www.mel.org has many great resources available for school projects. MeL is available in schools, your library and at your home with no passwords needed. <http://kids.mel.org/> offers homework helpers, reading, games and activities along with great resources from Britannica school and World Book Kids. Your library card not only helps access to print materials after library hours, but also makes evening homework sessions a little easier with Mel.org.
